

## AccessHealth

- Are you looking for additional sources of revenue?
- Are you looking for ease and efficiency when contracting with payors?
- Would you prefer one remittance statement instead of dozens of different statements?
- Do you need a better way to track your reimbursement dollars?

**If you answered "Yes" to any of these questions, we invite you to keep reading; AccessHealth was designed for pharmacists just like you.**

**Since 1994**, AccessHealth's solutions have helped pharmacies just like yours capture the reimbursement dollars they've earned and streamline their cash flow.

### AccessHealth's core solutions include:

- Expert third-party contracting for dozens of third parties, including Caremark, Medco, Express Scripts, Prescription Solutions, and MemberHealth
- Consolidated reimbursements for more than 20 payors
- Five electronic funds transfers each week
- Reporting combined claims to the pharmacy benefit managers (PBMs) to correct PBM pricing errors and resolve negative margins
- Instant electronic coupons with additional revenue with **eVoucherRx – Express™**
- Superior customer service, which dramatically reduces your time on the phone with a pharmacy benefit manager

### As an added benefit, and for additional fees, you may be eligible to enroll in:

- **McKesson Reimbursement Advantage**, a comprehensive reimbursement optimization package for independent pharmacies
- Two reconciliation options powered by RelayHealth:
  - **RelayReconcile™**: 100% of your claims may be reconciled for a per-claim fee
  - **AccessHealth ConfirmRx**: Reconciles claims from AccessHealth's consolidated reimbursement payors (only), for a flat, monthly fee

### Contracting solutions:

- We've secured contracts with dozens of third parties representing more than 9,000 managed care plans
- Our contracts give you access to more than 200 million lives
- You will enjoy many of the benefits and efficiencies of large national chains

### Reimbursement solutions:

- We analyze claims data to determine issues of low and/or negative margin payment issues, and then inform you of your options to recover the lost reimbursement
- You are automatically enrolled in **eVoucherRx – Express**, an electronic coupon program from RelayHealth, with opportunities for additional revenue

### Money management solutions:

- We consolidate your reimbursements from more than 20 third-party payors and send this money to you via an electronic funds transfer, up to five times per week
- Your remittance statements are consolidated into one, easy-to-read statement

## Why Us?

As a customer of McKesson distribution, we realize that you have more than one choice when it comes to managed care. So, why choose AccessHealth?

### The reasons are simple:

- We've compared our members' contracts to those of our competitors, and our members' contracts meet or beat the competition virtually every time.
  - Some other managed care organizations don't have contracts with one or more of the big three pharmacy benefit managers. We do. In fact, we have contracts with dozens of pharmacy benefit managers.
  - We keep a staff of eight customer service representatives and we're here to answer your call for 11 hours a day, five days a week. This means that we employ more staff and have longer hours than most, if not all, of our competitors.
  - We distribute reimbursements five days a week. Many of our competitors send funds only one to three times a week.
- You're free to join any buying group you wish — or none at all. Many of our competitors own and operate a buying group (we don't) and require that you join it in order to be a part of their managed care organization (we don't).
  - We have a transparent fee structure. Our core solutions are offered for a monthly membership fee, and that's all you'll pay to participate. We don't charge you more based on your claim activity, and we don't have "click fees."
  - Membership in AccessHealth is required if you wish to join **McKesson Reimbursement Advantage**, the industry's most comprehensive reimbursement optimization package for independent pharmacies.

### Help desk solutions:

- Our experienced service staff will save you valuable time by calling the third parties on your behalf
- We have Korean-speaking and Spanish-speaking customer care representatives on staff
- Our service department is available Monday through Friday, from 8:00 a.m.–7:00 p.m., Eastern.

### Elective programs (for additional fees):
